

# Marvin Jones Assures Complete Farm Bill

## Amendments Will Come Before Voters

### District Court To Close Saturday

### Grand Jury In Session Today; Expected To Close Tomorrow

The summer term of district court will come to a close Saturday unless extended by Judge E. C. Nelson.

The grand jury is meeting today to wind up its investigations for the term. This body will likely close its work today or Friday.

The petit jury called for this week was dismissed without being used. So far this term not a single jury case has been completely heard by a jury. The case of A. C. Nicholson vs. P. V. Friemel was started Thursday, but after the evidence had been partially presented to the jury an agreement was reached.

Non-jury cases disposed of were: Paye Hastings vs. Vestal Hastings, divorce granted.

Maggie Berry vs. C. L. Berry, divorce granted.

Zella Mae Moore vs. Richard Moore, divorce granted.

Miss Laura Ferne Brian received the removal of disabilities as a minor upon application to Judge Nelson.

Ben Wesley, Early Dutton and L. B. Hammond served as a jury commission Monday, selecting jurors who will serve during the next term of court.

### Training School Speech Students In Annual Recital

The speech class of the Demonstration High School presented its annual summer recital and tea Tuesday afternoon. Misses Lucille Smith and Isla Mae Donald and Mr. Jennings Flathers were practice teachers in charge of the project under direction of Mrs. T. M. Montfort.

Mary Frances Campbell was chairman and the following students took part in the program: Mary Ruth Curi, Juanita Julch, Patty Willis, Mozelle Smith, Johnnie Dean Campbell, Duane Legg, Eupha Jean Johnson, Choris Walker, Maxine Durham, Vera Pay March, Billie Voca Brickley, Dell Bagley, Robert Cooper, Odell Lene, Ida Martha Plerle, Clay Jerigan, Bessie Lane, Inez Latimer, Lillian Tate, Juanita Coker, Winton Palmer, Bob Bennett.

About fifty parents and friends enjoyed the program and social hour that followed. Punch was served.

### College Opens for Regular Session on September 15

The 1937 fall term at the college opens Wednesday, Sept. 15, with the registration of freshmen. Registration continues through Sept. 16-17 for sophomores and upper classmen, and entrance examinations are scheduled for the same days. Announcement has been made that an additional fee of three dollars will be charged for those enrolling after September 25.

Several new courses are being offered that were not scheduled in the 1936-37 curriculum. Two advanced English courses, "Graduate Seminar" and "Graduate Seminar and Thesis" are being offered by the English department. A new course in the government and economics department deals with international law, international organization, and economic nationalism. A study of American diplomatic history is being offered by the history department, and an advanced course in the officiating of major and minor sports by the physical education division.

F. E. Savage, superintendent of the training school, announces that enrollment of the training school pupils also begins September 15, and pupils will be expected to complete registration on that day.

J. C. Dowd and son, Bobbie, went to Big Spring on business the first of the week.

### Six Constitutional Amendments Will Be Under Consideration

### ELECTION MONDAY

### Absentee Ballots May Be Cast Here Until Friday Afternoon

Voters of Randall County will go to the polls next Monday, August 23, in a special election. Six constitutional amendments will be presented to voters of Texas in this special election.

Election judges for the various precincts in Randall county are as follows:

No. 1, Hud Prichard.  
No. 2, J. J. Leavitt.  
No. 3, Lonnie Byars.  
No. 4, Emil Schaeffer.  
No. 5, James E. Park.  
No. 6, John Haines.  
No. 7, George E. Mason.  
No. 8, W. P. Jansen.  
No. 9, Mrs. W. J. Flesher.  
No. 10, C. B. Erwin.

All of the voters of No. 1 will vote at the court house, since the ballot is short and the number of voters will likely be small.

Absentee votes may be cast up until Friday. Only two absentee votes had been cast up to yesterday, but many are certain to take advantage of absentee voting this week.

The News will not post the returns Monday night owing to the small interest in the election, and no returns will be received from the Texas Election Bureau of which The News is a member.

All voters in Randall county who have poll tax receipts are urged to go to the polls Monday and vote on these important amendments.

### Miss Charlton In Mexico Talk Tuesday at Rotary Club

Miss Agnes Charlton talked Tuesday at the Rotary Club luncheon on her recent trip to Mexico City when she conducted a tour of W. T. students.

By seeing the consul in San Antonio a great deal of time is saved the tourist to Mexico at Laredo. The northern part of the nation is desert and unattractive, stated Miss Charlton. Monterrey is the first great place of interest, and the party spent some time there.

Beyond Monterrey, the scenic highway is very attractive. 150 miles of highway were hewn out of the side of the mountains by hand. It is said that 1,000 men lost their lives on this job. But the highway is safe and traffic is easy.

The trouble and the gasoline strike were the principal difficulties confronting the party on the trip.

Miss Charlton was making her third trip to Mexico City, but this was the first by car. She told of the many interesting places that await the visitor in Mexico City.

Visitors to the luncheon were: John McCarty, Dr. R. Thomsen, Judge E. C. Nelson, B. I. Barfield, Ted Neeley, all of Amarillo; Eddie Craig of Denton; R. A. Parlow of Sherman; Weldon Mason of Dallas; R. N. Barnett of Canyon.

### Old Trail Drivers Will Meet at San Antonio in October

A meeting of the Old Trail Drivers Association will be held at the Gunter Hotel in San Antonio on October 7, 8, and 9, according to announcement received this week from W. T. (Bill) Jackman, San Marcos, president of the association. An invitation is being extended to all old trail drivers, their descendants, and to pioneer cattlemen and stock raisers of Texas to attend the 1937 convention.

A Memorial Hall, honoring the old trail drivers, pioneer cattlemen, and Texas Rangers is now under construction in San Antonio for the future use of these pioneer reunions and conventions.

Dues in the Trail Driver's Association are one dollar per year. Entertainment at the convention is free, according to Mr. Jackson.

## State Parks Board Skips Palo Duro

### Snubs Canyon for Carlsbad Caverns

### National Park Service Representatives Here for Meeting

The Texas State Parks Board failed to show up at the Palo Duro State Park Friday on the official visit to the park. The members decided to make a pleasure trip to Carlsbad Cavern instead of continuing the business trip to the Palo Duro.

Representatives of the National Park Service were at the Palo Duro to discuss future plans with members of the Board, but their trip was all in vain. One high official came from Oklahoma City for this meeting.

The following appeared Monday on the front page of the Amarillo News:

The Palo Duro Park, long a neglected state park stepchild, has been snubbed again, according to Clyde Warwick, editor of the Canyon News, who yesterday launched his protest against the actions of the State Park Board in cancelling its advertised trip to the Palo Duro (Continued on last page)

### NYA Applications for W. T. Students To Be Considered

C. A. Murray, Chairman of the College NYA Committee, is so confident that NYA will be continued during the 1937-38 school year that he has authorized a statement inviting students and prospective students who are interested in NYA aid to communicate with him.

No definite statement has been received concerning the amount of NYA money or provisions for its distribution.

Mr. Murray stated also that a great number of students of proven character and ability have already made their application for NYA but that each case will be given consideration on its merits.

Other members of the NYA Committee are Dr. Harris M. Cook, Dr. B. F. Fronabarger, and Miss Edna Graham.

### PLEASE!

Every copy of The Canyon News mailed with a wrong address is returned to us by Uncle Sam at the rate of 2c each. During the course of a few months time this runs into money, and we are requesting our readers who live outside of Canyon to immediately notify us of any change in their address. If you know your address will be changed a week before hand, write us then. It will prevent your missing a copy of the paper and will save us 2c for each copy we send to the wrong address. Please!

### Four Fire Alarms In Two Days Sets Record for Canyon

The Canyon fire department was called out four times Friday and Saturday. While there was only one fire of any consequence, the number of calls for two days broke records of recent years.

The department was called to the home of Mrs. Anna Robertson on First Avenue Friday morning. The house was enveloped in flames before the firemen reached the scene, and practically nothing was saved from the flames. The explosion of an oil stove was the cause of the fire. The house belonged to Tom Brown. No insurance was carried on either the house or the contents.

This is the second disastrous fire that the family has suffered in recent years. Several years ago the family was burned out on a farm southwest of Canyon.

Friday afternoon the department was called to the house owned by Ernest Reid on Third Avenue. Trash was on fire near the garage but the flames were extinguished before any damage was done.

All of this happened on Friday, the 13th.

Two alarms were sounded Saturday night.

A waste paper basket was discovered on fire at the court house and the department called. Passersby extinguished the flames before damage was done.

An hour later another alarm sounded, but after a chase over town, closely followed by scores of cars, the fire trucks discovered that the alarm was false.

### River Road High Transfers to W. T.

### Sixty-Seven Students To Attend Training School In Canyon

Members of the River Road School board of education have conferred with F. E. Savage, superintendent of the training school, and President J. A. Hill regarding the sending of 67 high school students to the W. T. Training School this fall.

The River Road high school students have formerly attended Amarillo High School, but because of \$65.00 tuition charge, the school board concluded that students could be sent here by bus more economically than they could pay tuition and bus expenses into Amarillo.

Though no contract was entered into by the school board and school officials here, The Amarillo Globe said last Tuesday that the River Road students would be sent here.

The College has not solicited schools to attend here, but is obliged to serve one community as much as another since this is a state supported institution, and we are glad to serve as many communities as possible, Mr. Savage said.

It is 27 miles from here to the River Road school.

### Ten Students Will Have Employment at College Farm

Only ten men will be employed to work for their room and board at the college farm during the 1937-38 session, according to a statement made by T. M. Moore, the manager.

Another twenty-eight men will be able to live at the farm, paying a rate for board and room and transportation in keeping with the accommodations available and their needs.

For several years approximately forty-five men have lived at the farm, sharing in the work of the houses and dairy and caring for the fields and the tree nursery which is maintained there in co-operation with the Texas Highway department.

### Confident

Representative Marvin Jones of Amarillo, who assures American farmers, especially Southern cotton raisers, that Congress will enact a real and carefully drafted crop control measure at its next session.

### Funeral Rites for Mrs. Tom Mahoney at Amarillo Wed.

Funeral services for Mrs. Jean Mahoney, 39 years of age, wife of Tom Mahoney of this city, were conducted in Amarillo at the Sacred Heart Cathedral Wednesday morning at eleven o'clock. Father J. A. LaHive officiating.

Mrs. Mahoney died in St. Anthony's Hospital in Amarillo Tuesday morning following an illness of several weeks.

Palibearers were Ed Dorsey, W. D. Walsh, Ridgeway Zelle, William Farasey, Phil Healey, and Horace Brown.

Burial was in the Llano Cemetery in Amarillo.

Roary services were held Tuesday evening at Boxwell Brothers chapel in Amarillo.

Mr. and Mrs. Mahoney had been residents of Canyon for the past eight months, moving here from Amarillo last November. Mr. Mahoney is connected with the sales department of Walter Irvin, Inc.

Although she had been under the care of a physician, Mrs. Mahoney had apparently been improving in health recently. Serious illness developed two weeks ago.

Jack Mahoney, 18, the only child, had been attending National Guard encampment at Palacios, and arrived in Amarillo late Monday after being notified of his mother's illness.

Mrs. Mahoney, whose maiden name was Jean McAlinn, was born in Yonkers, N. Y. She and Mr. Mahoney moved to Amarillo in 1920, and had made their home in that city until moving to Canyon recently.

She was a member of the Catholic Church, and was an active member of both the Catholic Daughters and the Altar Guild Society.

Besides her husband and son, she is survived by four sisters: Mrs. Walter Irvin, Amarillo; Mrs. John Davignon and Mrs. Joe Ford, New York City; and Miss Hazel McAlinn, Yonkers, N. Y.; and one brother, Ben McAlinn, of Yonkers.

### Mrs. Mamie Shuman Died This Morning at Home in Canyon

Mrs. Mamie I. Shuman, 66, died early this morning at her home, 2203 Seventh Avenue, following an extended illness. She had been a resident of Canyon for ten years. Her husband, Lee Shuman, preceded her in death two years ago.

Surviving are two daughters: Mrs. Taylor Evans and Mrs. Oscar Bragg, both of Canyon, and five sons: John Shuman of New York City, Joe Shuman of New Mexico; Will Shuman who is a member of the Merchant Marine Corp. Walter Shuman of Happy, and Robert Shuman of Chillicothe.

Funeral arrangements are pending.

Mrs. G. R. Marcon of Levelland spent the week-end with her sister, Mrs. Chas. Stratton.

## Farm Act Early In Next Session

### Farmers Can Count On Comprehensive Agrarian Legislation

### TALKS TO LEADERS

### Declaration Is Made After Confering With Roosevelt

The American farmer, including the cotton grower of Texas and the South, can expect and count on a comprehensive and carefully drafted farm act early in the next session of Congress in the opinion of the man best qualified to know, Representative Marvin Jones of Amarillo, chairman of the House Agriculture Committee.

Jones made his declaration in the midst of the crisis over the cotton prices this week only after he

**Dust Bowl Appropriation**  
Led by Congressman Marvin Jones, the House of Representatives Tuesday approved a \$20,000,000 appropriation for administration of the Farm Tenancy Act during the remainder of the year. Of that total, \$10,000,000 will be used for the purchase of sub-marginal land, the greater portion of which will be used in the "dust-bowl" areas of the Southwest where later relief funds will be used for the construction of small dams, lakes, and forestation on government land.

The measure was passed by the House without a record vote, and is expected to reach the Senate this week.

had conferred with the President, Secretary of Agriculture Wallace, farm organization leaders and congressional leaders.

(Continued on last page)

### Special Rates to Exposition For Canyon Schools

Group movement of school children, their teachers, parents and friends from Canyon has been set for Sept. 29 and 30 at the Greater Texas and Pan American Exposition. The connecting railroad has offered a group rate for this event. Rates for the round trip are a cent a mile.

When the group reaches the Exposition it will have the facilities of a service office near the main entrance gate. There orders for group admission tickets at 25 cents each will be issued, special amusement concessions provided and information as to lodging furnished, all without charge. The Exposition, at this office, also will maintain a baggage checking room.

Governor James V. Allred has officially proclaimed these dates as school holidays. Full credits will be allowed the children who attend the Exposition.

### Don't Hamper Firemen

When the fire alarm sounds, most people feel the urge to get into their cars and follow the trucks.

In 99% of the cases they are only in the way, and may cause the loss of valuable property because of so many cars hampering the work of the firemen.

Hose connections were held up Friday morning for several minutes while the firemen were frantically attempting to clear away cars and trucks which blocked the way to the hydrants.

Most people go to fires for the thrill—not because they can be of any particular assistance.

When the alarm sounds, don't hop into your car and chase the fire trucks, unless you intend making a hand in handling the hose. But that is usually a dirty, disagreeable job, and most folks find it most pleasant to sit in their cars while the firemen struggle with the hose, ruining their clothing trying to help save the property.

Canyon has a fine fire department.

Give the boys a chance. Don't rush to a fire unless you are needed and can be of service.

## VOTE NEXT MONDAY

Those who hold a poll tax receipt should go to the polls next Monday and cast a vote. Should you plan on being away next Monday be sure to cast an absentee ballot, but this must be done today or Friday.

The six amendments have been discussed very extensively during the past three months in the newspapers of Texas, and every voter should understand the provisions of the six amendments.

A sample ballot is printed on this page of The News in order that every voter may study its form before going to the polls.

The only amendment which we hope to see defeated is No. 3 which seeks to return the state to the fee system. While the wording of this proposed amendment does not specifically repeal the present salary system and put into effect the old fee system, yet it is implied that this is the intent of the legislature.

We believe that the best amendment on the list is No. 4. This amendment seeks to limit the assessment of taxes to a fair cash value of property and in addition would encourage prompt payment of taxes by offering a discount to those who paid their taxes early. Delinquent taxes have always been a severe handicap to government. If taxes could be collected, governing bodies would have little to worry about. Those who pay their taxes promptly should be encouraged by offering a discount. Those who cannot pay promptly are not hurt, while those who could pay but will not meet their obligations to the government are not entitled to any particular consideration.

Texas has a normal voting strength of 1,100,000. Only about 700,000 poll taxes were paid this year. It is seldom that half of the qualified voters take the time to vote on constitutional amendments. Therefore, a small minority of the voters of Texas will approve or reject these six constitutional amendments. Randall county voters should take the time off and go to the polls next Monday. It would be a fine recommendation of the fine citizenship of Randall county if 1500 of the 2300 qualified voters of the county should vote next Monday.

The Palo Duro State Park is the largest and most important state park in Texas. It has received the hearty endorsement of the National Park Service. More work has been done on this park than any park in Texas. It has been called the park of the greatest possibilities by the national park service. A move was made several years ago to form a separate park board for the Palo Duro because it was felt that the State Parks Board was not sufficiently interested in the future of the Palo Duro. Governor Allred vetoed the bill creating such a separate board because he felt that the Palo Duro should be tied into the state system. The State Parks Board was scheduled to visit the Palo Duro last Friday. Some of the members came more than a year ago and spent a few hours in the Park, but some members have never seen the park. When the party reached Lubbock, the members of the Texas State Park Board deemed it more important for them to cut out the Palo Duro—the most important park

## SAMPLE BALLOT

(SPECIAL ELECTION ON MONDAY, AUGUST 23)

1. FOR the Amendment of Section 16 of Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stock-holders in State banks.

AGAINST the Amendment of Section 16 to Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stock-holders in State Banks.

2. FOR the Amendment to the State Constitution providing for assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8.00) per month for one child nor more than Twelve Dollars (\$12.00) per month for such children of any one family, and providing for acceptance from the Government of the United States of America financial assistance for such payment.

AGAINST the Amendment to the State Constitution providing for assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8.00) per month for one child nor more than Twelve Dollars (\$12.00) per month for such children of any one family, and providing for acceptance from the government of the United States of America financial assistance for such payment.

3. FOR the amendment to the Constitution of the State of Texas so as to authorize the Legislature to fix the manner and basis of compensation for all District, County and Precinct Officers.

AGAINST the Amendment to the Constitution of the State of Texas so as to authorize the Legislature to fix the manner and basis of compensation for all District, County and Precinct Officers.

4. FOR the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing, that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent.

AGAINST the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing, that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent.

5. For the amendment to the Constitution providing that Harris County and any road District therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds.

AGAINST the Amendment to the Constitution providing that Harris County and any road District therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds.

6. FOR the Amendment to the State Constitution providing for assistance to the needy blind over the age of twenty-one (21) years not to exceed Fifteen Dollars (\$15.00) per month per person, and providing for acceptance from the Government of the United States of America financial aid for such payment.

AGAINST the Amendment to the State Constitution providing for assistance to the needy blind over the age of twenty-one (21) years not to exceed Fifteen Dollars (\$15.00) per month per person, and providing for acceptance from the Government of the United States of America financial aid for such payment.

in the state—in order that the members go to Carlsbad Cavern. Of course Carlsbad Cavern is a wonderful cavern—the greatest of its kind in the United States—but since the Texas State Parks Board is supposed to be looking after Texas parks rather than national parks in New Mexico, it seems rather queer that the Texas officials should see fit to suddenly change their plans and cut out the trip to the Palo Duro. The Palo Duro is very much a step-child to the Texas Parks system. After all, it probably will be the wise thing to ask Governor Allred to either see to it that some member of the State Parks Board has an interest in the Palo Duro, or that a separate board again be authorized.

J. L. Suits of the Lockney Beacon recently visited Washington and observed that the Republicans were making monkeys out of the would-be Democratic leaders.

The shrewdest politicians in the world are in Washington. The "outs" are trying to get in, and the "ins" are trying to stay in. You take the high-pressure politicians in the Republican ranks. They are afraid to tackle the President and his administration open-handed. So what do they do. Coddle the high-powered Democratic leaders along and get them to prod the lion in his den, so to speak. Then if there is not a vicious growl forth coming, they step right in and help with the prodding. If a blood curdling groan goes up, they slip out of the way and let the Democrats do the prodding. It is pretty easy to get a Democrat to stick his neck out. The reason for that is that all Democrats want to be the ring leader, the big shot, the all-powerful leader of his party. Not so with the Republicans. They let leaders be leaders and then the rank and file sit behind the scene and furnish the ammunition to back them up. It seems to us that these Republicans are making monkeys out of some of our Democratic leaders. They, the Republicans, are working night and day trying to cause a split in the ranks of the Democratic party, and they are making pretty good progress, too, if you ask us. Right now the Republican party is the minority party, but they are plenty smart. We must watch our step very closely lest we stumble.

Just what did the court reform opponents expect? Did they think that President Roosevelt would go into their camp to select a man for

the supreme court? Senator Black of Alabama may not be as brilliant a lawyer as the President might have found. His honesty is unquestioned, and he is not afraid of hard work—two mighty good qualities when a man is offered a lifetime position. Of course those who want to see the supreme court remain packed as it was by the Republicans—stand pat presidents could not be satisfied by the President's choice unless it be from among their own gang. The nation as a whole will be pretty well pleased with the selection, once Senator Black starts work on the court.

"Balancing the budget" has become a pet popular phrase in recent years. It is a most ambitious and most laudable undertaking whether it refers to a nation, state, county, city, school district, or a home. But the fact remains that the job is about as difficult as tight wire walking. The personal budget is so easily thrown out of kilter, as each and every person will testify. Since government is a function of human beings, and government is entirely made up and directed by humans, with human feelings, these governmental budgets are not infallible. Don't become disgusted with your public officials when the budget goes haywire. They are having the same kind of difficulties as you are confronted with daily.

Members of the railroad brotherhoods are seeking an increase in wages. The men are asking for a 20% increase. The railroads wish to hold the increase to 5%. If the increase is finally placed at 20%, all of the profits of the roads would be absorbed in increased wages. The owners of the railroads would have nothing left for their investment, and nothing would remain to pay for improvements. The worker must be reasonable with the employer if this nation is to pull out of the depression gutter.

The third term fever is reported to have struck New Mexico as well as Texas and the White House. Governor Clyde Tingley indicates his willingness to serve the people again as chief executive. New Mexico seems to have legal barriers which might prevent the Governor in his ambitions, whereas precedent may have a great deal to do with the third term ambitions of Governor Allred and President Roosevelt.

Note to rodeo promoters: We would like to visit some of the numerous shows you are staging, but we'll be dinged if we intend to sit out in the blazing sun in the dusty place that can be found just to see the ponies do their stuff.

The difference between a ghoul and an archaeologist is something like 2,000 years.

## WAR GOES ON

Not since 1917 has a major nation declared war. Yet in the intervening years there have been a number of far-reaching, sanguinary conflicts. What might be termed Mars' modern technique does not require a formal declaration of war—armies are mobilized, soldiers and civilians are slaughtered, cities are devastated and governments change even while, officially speaking, actual war does not exist.

In Italy's Ethiopian campaign, for example, war was not declared—but the result of the invasion was to eliminate the Ethiopian Monarchy and make the country into an Italian colony governed by the Italian Military. Russia and France have not declared war on the Spanish Insurgents, nor have Germany and Italy broken off relations with the Spanish government—yet it is no secret that Franco's cause has been kept alive with the aid of German and Italian troops and equipment, while the Government forces would have collapsed long since had it not been for Russian airplanes and armaments and French military experts. Today in the Far East the world is again witnessing a war without a declaration of war that is of the utmost significance not only to the nations involved, but to the Western World as well.

Japan has gone to the limit in recent years to build up her army and navy. For a small country, she has an amazing military machine, far superior to that of the Chinese—though China herself has made progress in unifying and strengthening the country. China's greatest weakness has always been the corruption of her local governments—as Oswald Garrison Villard has written, "The purchasing of Chinese statesmen and generals is Japan's long suit; it has advanced her and her policy of conquest far more rapidly than have her rifles and cannon." The central, Nanking government has usually proven unable to control the superabundant local War Lords—each with his own interest at heart and each suspicious of the others. The situation as it exists in China, is as if each American state governor had a great private army which he could use for any purpose he wishes, even to the extreme of fighting the armies of neighboring governors.

As a consequence, plus Japan's far more efficient and modern war machines, it is believed certain that the Japanese will encounter relatively little trouble in conquering the north provinces. She will take over cities and accomplish destruction on a vast scale and probably replace present local governments with puppet Chinese governments

controlled by the Japanese, as she did in Manchuria. But in the long run, Japan's chances of success are dubious. China is a tremendous country, with the largest population in the world. Not since the dawn of history has it been permanently conquered—over a period of many years, the invaders intermarry with the Chinese and are virtually swallowed by the immense country. China has more than half a billion people as against Japan's 75,000,000.

Furthermore, it seems inconceivable that Japan will be permitted by other powers to advance unhindered into China. Russia is strongly anti-Japanese and will if matters go far enough, throw her resources to the side of China. And if it came down to a Russo-Japanese war, most military experts think the bear would win.

England will attempt to limit Japan's conquest in the interest of her own trade, and so, in all probability, will the United States and France. And lastly, it is a question whether Japan's financial resources are sufficient to stand a long struggle—today more than 50 per cent of her government's budget is earmarked for the army and navy, and she has a soaring national debt.

So here is another grave threat to world peace—the gravest, perhaps that has yet appeared. Whether war is actually declared is only of theoretical importance—to all intents and purposes a major war is now underway in the Far East, and

## Relieve Dizzy Spells Or Money Back

She gives wonderful advice to women passing thru those 40 to 50 "critical years."

Mrs. L. B. writes: "I'm going thru change of life and been having hot flashes, blood rushing to head. Also such sweats, perspiration would run from my body. After first few days of taking Kruschen I noticed a difference in my head, after I finished the first bottle, the flashes were getting further apart and the night sweats less. I and my friends swear by Kruschen."

If you want to help avoid headaches, dizziness, smothering spells, weakness, fits of depression—if you want to keep feeling more healthy and happy—up and about your work—take a third teaspoonful of Kruschen Salts in a glass of hot water first thing every morning. Kruschen is a superb blend of 6 mineral salts, each with its own special work to do—kidneys, liver, gall bladder and bowels are helped kept functioning normally and when important body organs are working properly you may be sure there will be less constitutional agitation. It costs but little and if it doesn't help you wonderfully in a month—money back.

Interests directly affecting every nation in the world are involved.

Honest now, be fair with yourself, why should you endure another day in a "boiler room" kitchen? Why not switch to electric cookery and enjoy a cooler kitchen?

Make your kitchen ten to thirty degrees cooler with a new Westinghouse electric range. There is less heat loss as all the heat goes into the foods being cooked. Actual tests show that the oven unit remains off over two-thirds of the cooking time. That is the economy of cooking on stored heat.

To assist you in our campaign against "boiler room kitchens", this company offers you reduced prices and terms to suit any purse. Drop by and see the many conveniences of the new Westinghouse models.

MISS DOROTHY GORE  
WEDS C. L. WADDLE, JR.

Announcement has been made of the recent marriage of Miss Dorothy Vernon Gore, daughter of Mrs. Lucy Lee Gore of Canyon, to Charles Leonard Weddle, Jr., son of Mr. and Mrs. Charles Leonard Weddle, Sr., of Bonham. The wedding ceremony was performed July 11, at Angola, Ind., by the Rev. N. E. Smith, pastor of the Methodist Episcopal Church of that place.

Mrs. Weddle graduated with honors from the high school division of West Texas State College at Canyon and in 1934 received the Bachelor of Science degree in home economics. She is a member of Kappa Omicron Phi, a professional home economics sorority and is also a graduate member of Alpha Chi, honorary scholarship fraternity. She has been employed for more than a year and a half as Home Management Supervisor with the Resettlement Administration in various counties of West Texas.

Mr. Weddle is a graduate of the Bonham High School and received the Bachelor of Science degree from Texas Technological College in Lubbock. His major work was done in the field of horticulture. He is a member of Alpha Chi, the same scholarship organization of which his bride is a member, and has also been elected to membership in Pi Alpha Xi, honorary floriculture fraternity. He is now assistant in horticulture at Michigan State College in East Lansing, where he is studying toward a Master of Science degree in floriculture.

Mrs. Weddle is leaving Texas this week to join her husband on a short honeymoon trip to the north Michigan lake country, after which they will be at home at 505 Albert Street, East Lansing, Mich.

ROWAN FAMILY HOLDS  
NINTH REUNION

Members of the Rowan family met in their ninth annual reunion at Ceta Glen last week.

Those attending were: Mr. and Mrs. J. H. Rowan and Mr. and Mrs. John Rowan and children, Derwood and Morris, of Decatur; Mrs. G. S. Ballard, Viola Ballard, George Bob Vick, Mr. and Mrs. W. R. Ballard and children, Billie, Ernestine, George Hume and Arthur Sevall; Mr. and Mrs. T. H. Rowan and daughter, Mable; Mr. and Mrs. Bob Rowan and children, Martha Jo and Tommie, all of Amarillo; Mrs. Murray Evans and sons, Everett and John of Tulsa; Mr. and Mrs. Guy Ford and children, Mr. and Mrs. J. C. Dowd and children and Claudine Foster of Canyon.

Misses Dewey Gibson and Lucile Smith and Luther Fronabarger were guests. Mr. and Mrs. Guy Ballard, Jewell Ballard, and Dr. and Mrs. L. J. Vick of Amarillo were present for a short time. More than fifty members of the family and friends called by.

FAMILY REUNION HELD  
AT LEWIS HOME

A family reunion was held at the home of Mrs. W. H. Lewis this week with the following present: Mr. and Mrs. G. A. Reynolds, Mr. and Mrs. L. M. Yearout, Mr. and Mrs. John Yearout, and Alfred Lewis of Albuquerque, N. M.; Bobbie Lewis of Amarillo, Mr. and Mrs. W. P. Lewis of Progreso, La.; and Mr. and Mrs. Dick Smith of Canyon.

FAMILY REUNION HELD  
AT KEY HOME

A family reunion was held at the J. D. Key home here the past weekend. All children and grandchildren were present.

Those present included: Mrs. C. M. Yager and children, Bobby Jean and Edwin of El Paso; Mr. and Mrs. Alton Key of Los Angeles, Calif.; Mr. and Mrs. Homer Bridges and sons, Rex and Don of Abernathy, and Mr. and Mrs. Everett Key and baby, Robert, of Lubbock.

PALO DURO CLUB  
MEETS THURSDAY

Palo Duro Home Demonstration club met Thursday with Mrs. Ralph Ruthart. Plans were made for Tri-State fair exhibits and for the entertainment.

Mrs. R. D. Finley gave a council report.

Refreshments were served to the following members: Mrs. E. P. Harding, Mrs. L. C. Ruthart, Mrs. Pauline Wendelken, Mrs. H. F. Miller, Mrs. Arthur Albers, Mrs. Finley, Mrs. W. G. Rose, and Mrs. Ruthart; visitors: Mrs. Walter Boehning, Mrs. Oscar Bragg, Mrs. Clark McClendon, Gertrude Miller, Crawford, Sanford, Pauline, Donnell, and Arlen Ruthart, Betty Miller, Artell Albers, Anita Carol, Nelda and Nora Dell Ruthart, Evelyn and Robert McClendon, and Ruth Marie Bragg. The next meeting will be with Mrs. Dugan, Sept. 10.

RUTH HILL - CLAY COOPER  
WEDDING ANNOUNCED

Announcement was made this week of the marriage of Miss Ermyle Ruth Hill, daughter of Mr. and Mrs. E. C. Hill of Dalhart, to Charles Clay Cooper, son of Mr. and Mrs. C. O. Cooper of this city. The young couple were married at Raton, New Mexico, early in May.

Mrs. Cooper was graduated from the Dalhart High School in 1934, and has since been a student at West Texas State College here. She will teach this fall in the Leslie schools in Hall county.

Mr. Cooper is a graduate of McLean High School, and will return to college here this fall as a junior. Mr. and Mrs. Cooper are vacationing this week in New Mexico.

CANYON WOMEN ATTEND  
MISSION SCHOOL

Each circle of the Baptist W. M. S. was represented at the Tierra Blanca Association Mission School at Hereford Monday. Those in charge of the school were two state W. M. U. workers, Mrs. Howell and Mrs. Lyon of Dallas, and two district workers, Mrs. Kirkpatrick of Dimmitt who is W. M. U. president, and Mrs. Abbott of Bovina, Mexican missionary.

The above group of women will remain in the district during the next two weeks and will have charge of an other Mission School at Wayland College, Plainview, Wednesday and Thursday, August 25-26.

MRS. RUTH HILL  
ENTERTAINS CLUB

Mrs. Ruth Hill was hostess to the Ralph Home Demonstration club at the home of Mrs. W. R. Adcock Wednesday, August 11.

Mrs. H. G. Persons gave a talk on "Fly Control," and a council report was given by the president.

Refreshments were served to: Mrs. Persons, Mrs. Clarence Adcock, Mrs. T. C. Gooch, Mrs. Lynn Heizer, Mrs. A. A. McMillan, Mrs. Carl Schroeder, Mrs. W. R. Adcock, Mrs. J. V. Williams and the hostess.

The next meeting of the club will be Sept. 8, in the home of Mrs. Lonnie Byars.

MRS. GEORGE NANCE  
ENTERTAINS CLUB

Mrs. George Nance entertained members of the 1925 club Wednesday afternoon at her home northeast of the city. Garden flowers were arranged in vases in the rooms where tables were placed for bridge.

Punch was served during the games and a salad course at the refreshment hour.

Those present were: Mrs. Bob Barnett, Mrs. J. L. Duflot, Mrs. Allen Farlow, Mrs. Elizabeth Stewart, Mrs. Hud Prichard, Mrs. C. L. Thompson, Mrs. Guy Harp, Mrs. Owen Williams, Mrs. Ray McReynolds, Mrs. M. E. Cantrell, Mrs. Ora Newlin, and Mrs. C. A. Murray.

Help Keep Canyon Clean!

KNAPP-ARTHUR WEDDING  
SOLEMNIZED SATURDAY

Miss Verna Merle Knapp of Happy became the bride of Ben S. Arthur of Rails Saturday evening, August 14. The ceremony was performed at the Baptist parsonage here with the Rev. J. R. Hicks officiating.

Mrs. Arthur is the daughter of Mr. and Mrs. J. H. Knapp of Happy. She is a graduate of the Happy High School and has attended West Texas State for the past two years.

Mr. Arthur, son of Mr. and Mrs. J. R. Arthur of Rails, was graduated from Rails High School and has also attended West Texas State for two years. He was a member of the varsity basketball and football squads.

Those witnessing the ceremony were: Miss Marie Knapp, sister of the bride, Miss Opal Jenkins of Amherst, Tex., Miss Mildred Holloway of Happy, Willard Middleton, and Paul Scott of Canyon.

Mr. and Mrs. Arthur will make their home in Borger where Mr. Arthur is employed with the Phillips 66 Company.

The couple were entertained Sunday noon at 1 o'clock with a wedding dinner held at the Coffee Shop in Happy.

Those present were: Misses Mildred Holloway, Minnie Ethel Wainwright, Blanch Spear, Lonnas Fortenberry, Sarah Frances Smith, Addeline McDonald, and Willard Middleton, Herbert Slack, Paul Fortenberry, Paul Scott, and Mr. and Mrs. Arthur.

MISS KATHRYN ROBINSON  
HONORED AT BREAKFAST

Honoring Miss Kathryn Robinson, who will leave in two weeks for Dallas to accept a position with the Braniff Air Lines, Miss Helen Lyles entertained several guests with a breakfast at her home Monday Morning.

Courses consisting of grapes, fried tomatoes, olives in blankets, marmalade, toast, and coffee were served by Miss Lyles and Mrs. A. F. Chamberlain.

Attractive arrangements of cut flowers decorated the room and the tables.

The guest list included Armeta Burk, Quixie Bea King, Reba Pool, Helen Gilmore, Margaret Pierle, Laura Fern Brian, and Jennie Mae Elliott.

COLLEGE CHORUS PRESENTED  
ANNUAL CONCERT TUESDAY

Tuesday night under the direction of Prof. Wallace R. Clark, a choral fantasia from "Carmen" was sung. Miss Lilla Beth Burroughs was accompanist. There were no solos.

This will be the only appearance of the two musical organizations this summer.

## Umbarger Items

Mr. and Mrs. Albert Venhaus are the happy parents of a new baby boy born Saturday, Aug. 14.

Mrs. E. J. Friemel and family, Mr. and Mrs. Ted Friemel, Mr. and Mrs. L. J. Wiecek and son, Mr. and Mrs. W. Bauer and son, and Mr. and Mrs. H. Friemel and sons spent Sunday at the Palo Duro State Park.

The Bingo party which was given Sunday night was a great success and enjoyed by all.

E. J. Friemel was a caller in Hereford Saturday.

Mr. and Mrs. G. Grimm and sons of Amarillo visited relatives in Umbarger Sunday.

Miss Bethra Hollenstein spent Sunday with Bertha Bedenk.

Mr. and Mrs. Antone Beckman and granddaughter, Margaret, were visitors in the M. Hollenstein home Monday evening.

Mr. and Mrs. L. Weaver and daughters of Borger spent the week end in the home of their parents, Mr. and Mrs. Clem Friemel.

Utilities Company  
To Install New  
Generator at Tuco

Installation of additional electric generating equipment at Tuco Station near Abernathy will increase the capacity of the Texas-New Mexico Utilities Company power plant by 10,000 horsepower, it was announced by the local office this week.

Cost of the new steam driven turbo-generator, including boilers, auxiliaries and other improvements, has been estimated at \$300,000. Preliminary work incidental to the installation is finished and the machinery is expected to arrive at an early date.

Texas-New Mexico Utilities Company serves 53 towns and communities in this part of West Texas and eastern New Mexico and maintains transmission lines totaling more than 700 miles in length.

FOSTER WILL MOVE  
OFFICE IN FEW DAYS

G. G. Foster will move his office to the south side of the square in the next few days.

The building which he recently bought on the south side has been completely remodeled during the past week.

NUNN'S SELL PAPER;  
HINKLE CHANGES JOBS

Word has been received here that Lindsay and Gilmore Nunn have sold the Lexington, Ky., Herald. Olin Hinkle has been editor of this newspaper. He has been offered a position with the Associated Press, according to a letter to his parents, Mr. and Mrs. W. J. Hinkle.

## RELIABLE POWER FOR PUMPING

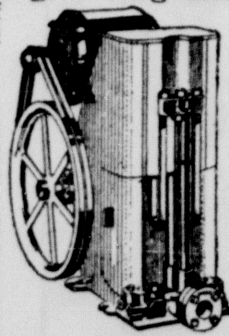

THE Aermotor Company has been making the most reliable pumping equipment for nearly 50 years. It has specialized in everything needed for pumping water for the farm, ranch or country home. If you need a windmill, electric pump or gasoline engine for pumping water, the Aermotor Company can supply the most reliable outfit at remarkably low cost.

The IMPROVED AERMOTOR is made of the very best materials in the largest and best equipped windmill factory in the world. You can depend upon an AERMOTOR to give long and satisfactory service. It runs in a breath of wind, pumps steadily in strong winds and takes care of itself in heavy storms.

It needs oiling but once a year.

AERMOTOR ELECTRIC PUMPS and WATER SYSTEMS are the latest and best. They contain important exclusive features which make them most reliable and durable. If you intend to put running water in your home, you should certainly give us an opportunity to tell you all about the AERMOTOR WATER SYSTEMS.

Write today for free information about windmills, electric pumps and other pumping equipment.

AERMOTOR CO. 2500 Roosevelt Rd., Chicago, Ill. Branches: Oakland, Des Moines, Dallas, Minneapolis, Kansas City

THOMPSON HARDWARE COMPANY

## 300 Will Attend Lutheran Youth Rally August 22

Approximately three hundred are expected to attend the Panhandle Lutheran Young People's Rally which is held in Ceta Glen Canyon Sunday, August 22, announced Rev. H. R. Frerking, pastor of the host congregation, the St. Paul's Lutheran Church, Canyon.

Talks by well-known Panhandle speakers and an illustrated slide lecture at 8 p. m. will be features of the day's program.

Services will begin at 10:30 o'clock with a talk by Rev. W. G. Loesel, Lubbock, who has chosen as his subject, "Youth in the Service of the Lord." A basket dinner will be served at 12:30. The afternoon session, from 2 to 5 o'clock, will feature two essays and business matters concerning the conference.

Essays will be "How May We, the Young People, Best Serve Our Local Congregations, Our District and Our Synod," by Ludwig Kube, Lariat, and "Church Decorum," by Miss Edna Drager, Littlefield.

Rev. C. A. Gaertner, Plainview, will speak on the Unite the Youth program now under way in the Missouri Synod Lutheran church.

The president of the Conference, Ralph Nafziger of Olton, will have charge of the business meeting. Supper will be at 6:30 o'clock.

Rev. H. W. Hartenberger of Hooker, Okla., will give the illustrated slide lecture at 8 o'clock in the Education Building at the West Texas State College. The subject will be the welfare work of the Waltham League, including the League's tubercular sanitarium at Wheatridge, Colo.

Members of the entertaining committee are: Miss Hilda Miller, chairman; Edwin Meyer, Mrs. Oddie Collins, Miss Phyllis Albers and Rev. H. R. Frerking.

Miss Margaret Meyer of Canyon is vice-president of the Panhandle Young People's Conference.

## Zita Breezes

Mr. and Mrs. Lawrence Stewart went to Vega Sunday.

Mrs. C. R. McAfee entertained the Missionary Society of the Polk Street Methodist Church with a garden party Wednesday morning.

The younger set of the Lakeside and Zita community have had a watermelon feast at Lakeside school last Thursday night, and enjoyed a day's outing in Palo Duro Park on Sunday.

PAINT HEADQUARTERS

## Forty Squad Men Expected to Report for W. T. Grid Team

When Coaches Al Baggett and Tony Dougal of the W. T. Buffaloes sound the beckoning call September 1st, a squad of forty burly footballers are expected to report ready for active participation. The opening day of training camp has been moved to Sept. 5, since the Lone Star Conference regulation for beginning practice has been changed.

Coach Baggett, who will receive his Master of Arts degree from Columbia University this summer, will return August 25th and take charge of the training camp on its opening day.

Tony Dougal, affable but stern line coach, has also been attending Columbia University during the summer and will report sometime the latter part of August. Dougal was added to the coaching staff last spring and this year is the genesis of his activities as a West Texas Mentor.

### Baggett Optimistic

Looking over his prospects after the termination of spring grid practice last year, Coach Baggett remarked, "I believe that these boys will mold into the best Buffalo grid machine that we have built at W. T. and the augmentation of Dougal will inculcably enhance the squad."

In keeping with the precedent of Buffalo eleven, the squad picked their captain for 1937 from the forward wall when they chose Woodrow Si Marchbanks, a rugged and persistent linesman, who received an injury last fall and was kept on the sidelines during the remainder of the season. Apparently completely recovered, the amiable Marchbanks will guide the destinies of next year's grid edition from the pivot post. Ed Williams, a soph who is reputed to be the best prospect coming up from the frosh ranks, will divide time with Marchbanks at the center post.

### Guards are Prolific

Led by the "blocking twins" Oscar Hinger and Monroe Horton, regulars at the guard posts, the mentors will have a prolific supply of material at these positions. Forrest Faulkner and Henry Fields, juniors, will divide time with Hinger at left guard, and R. V. "Pete" Woods, W. M. Trigg and Reece Nowlin, all sophs, are candidates for the other guard post which has been monopolized by Horton.

At the tackle posts will be Bill

## Captain 'Signs' Odd Shipmates

Capt. George Genert, pictured above on his yacht, "Invader," at Catalina Island, Calif., signed a couple of odd shipmates when he collected his crew. Shown with Genert, who spent 15 years exploring Dutch Africa, are "Mitzel," left, a Mexican jaguar which was only a jungle kitten when he got her, and "Queenie," a Doberman-Pinscher. The dog and cat are inseparable companions. No, Captain Genert does not fear a mutiny.

"Tubby" Harp, 225 pound senior, who has an inside track on the starting position for the right side of the line, with Cal McAninch, a senior, and Ray Morrison, soph, constantly pushing him for the post. It is a toss-up as to the starter on the left side. Lother Stephenson, a soph, and Gordon Murray, Junior, will be fighting for the place with another soph, Doyle Bunch, coming up to take part in the festivities.

### Walling at Left End

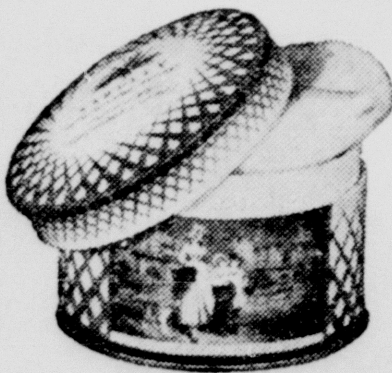

To fill in the two terminals left open by graduating seniors last year, Coach Baggett has ten prospective players. Craig Walling, a senior, was changed from tackle during spring practice to left end. He looms as the logical starter, with Raymond Shackelford, George Taylor, and Leon Williams, all sophs, dividing time at the slot. At the right terminal will be Melvyn Cullender and Milton Neilson, juniors, who apparently have an edge on their younger and less experienced soph opponents Donald Kendrick and Ernest Schur. Ben Arthur and Buck Amburn, juniors, have been changed to end positions and will vie with the other candidates for the right wing.

### Backs are Strong

The array of returning backs doubtlessly will appease the worries of the Buffalo mentors. Conway Butler, Lwood Dow, Blake Lyde, Tom Slack, and Foster Watkins, senior lettermen, are all logical contenders for the starting places with three juniors, P. A. Thomas, Odell Washington, and Joe Hays, endeavoring to nudge them from the posts. Coming from the freshman ranks, there are seven aspirants that are capable of taking over posts without weakening the team. They are Jack Edmondson, Eb Key, Carl Matney, Jimmy Mays, Bob McKnight, E. C. Payne, and David Coates.

## News in Canyon 25 Years Ago

(Taken from the files of the Randall County News of Aug. 15, 1912)

The Training School for all children from the first grade through the eighth will open in the college building Sept. 10, 1912 at 9 o'clock and will continue nine months. The daily sessions will be from 9 a. m. to 3:30 p. m. The Training School is no longer a part of the Canyon City Public Schools. Teachers will be: Miss Anna Hibbets, first and second grades; Miss Burtie Harrison, third and fourth grades; Miss Virgie Thomsen and W. H. Blaine, Jr., intermediate grades on the department plan.

On Friday night a small crowd of boys and girls gathered at the home of Miss Winnie Reid for some fun. Those present were Hazel Schulenburg, Ada Terrill, Edith Cousins, Oma Slover, Emily Brooks, Winnie and Thelma Reid, Ira Slover and Robert Reid.

Mrs. Lucy A. Thomas has purchased the undertaking stock from the furniture store and will run the business in the Thompson building.

Rev. and Mrs. J. T. Lowe and Mrs. Molly Minter of Mystic, Georgia, are visiting with their niece, Mrs. I. C. Jenkins.

Mrs. Ione Ashby and daughters, Baline and Gladys are visiting with friends in Marline this week.

Mr. and Mrs. J. S. Christian spent Sunday with friends in Hereford.

Miss Sula Eakman is in Amarillo this week visiting friends.

C. B. Sewell, Roy Cullum and A. G. Sursdell attended lodge in Amarillo Tuesday night.

C. W. Warwick is in San Antonio this week attending the State Democratic convention.

Miss Edna Garrett returned home Sunday from a week's visit with friends at Petersburg.

## C. S. Johnston Returns Recently From California

C. S. Johnston, head of the archaeology and paleontology department, returned Wednesday from Berkeley, Calif., where he has been studying at the University of California for the last six-weeks term. Mr. Johnston has been doing research in the vertebrate paleontology department at the University toward his Ph. D. degree. While there he also made comparative studies of fossils found in the Panhandle with those found in fossil locations in California.

The W. T. archaeology and paleontology department became a

## Named to Fill Supreme Court Post

Named by President Roosevelt to fill the vacancy created by the retirement of Associate Justice Willis Van Devanter, Senator Hugo L. Black, above, progressive Democrat from Alabama, was virtually assured of a post on the Supreme Court. The 51-year-old southern senator, who is in his tenth year of service in the upper house, is chairman of the Senate Education and Labor Committee. His appointment must be confirmed by the Senate.

major department last year and now ranks favorably with other such college departments in the state.

## Rusk Quizzes

Mr. and Mrs. R. L. Henry are visiting relatives in Shamrock this week.

Mrs. Nettie Babb spent the week end with her parents, Mr. and Mrs. W. H. Dawdy.

Mr. and Mrs. H. H. Hand and family visited Mr. and Mrs. O. O. Henry Sunday evening.

John Royal attended to business in Amarillo Saturday.

Betty Joe Baber spent the week end with Dorothy Jean Stallings.

Mr. and Mrs. C. C. Stallings attended the singing at Palo Duro Sunday.

Mrs. Haynes Moore and children of Wink visited last week in the parental J. A. Moore home. Mr. and Mrs. J. A. Moore returned home with them.

## Pleasantview News

Margaret Prichard spent the first of the week with Joyce Crowley.

Mrs. G. D. Louder returned home Tuesday from visiting her daughter, Mrs. Brown.

Lynn Heizer and son, Harold, are in Washburn this week.

Mrs. Mary Burtz and daughter, Ruth, of Canyon and Mr. Charley Burtz of South Dakota, spent Friday in the Earl Burtz home.

Mr. and Mrs. Joe Crowley and family were visitors in the Roy Wall home Sunday.

Mr. and Mrs. Milton Dooley and family and Bill Heizer spent Sunday in Amarillo.

Eula Belle Lovejoy spent Sunday with Mattie Ruth Davenport.

Joe Grady Crowley spent Sunday with Roy Joe Stevens of Canyon.

Mrs. Heizer of Canyon is visiting Mrs. Lynn Heizer and Bill this week. We are glad to see Mrs. John Jennings out again after her recent illness.

## Tommy Farr Given Little Chance to Lift Heavyweight Crown in Louis' Title Debut

But Joe, Remembering Schmeling "Disaster," Undergoes Intensive Training Grind

BY IRVING DIX

COME Thursday night, Aug. 26, Joseph Louis Barrow, recently crowned king of all the world's heavyweights, will stalk, sulking, into the ring at Yankee Stadium for his coming-out party.

It'll be Joe's debut as defending titlist, and the gentleman scheduled to be the principal of secondary importance at the little gathering sponsored by Mike Jacobs is Tommy Farr, the young Welshman whose ambitions thus far have brought him the somewhat nebulous honor of being called the heavyweight champion of Great Britain.

All of which prompts some of the more hard-bitten citizenry into saying "So what?" and making dinner appointments for 15 minutes after the first bell has sounded.

Getting right down to cases, Farr, who is the first British subject to battle for the crown since old Tom Heeney tottered forth in vain against Gene Tunney in 1927, isn't conceded to have much of a chance. That is, unless you take into account the opinions of Tommy Farr, and perhaps the British consulate at Washington.

ALTHOUGH he has taken on a little weight since he rudely lifted the crown from the head of Jim Braddock in Chicago, the Brown Bomber, Sepia Socker, Dusky Destroyer, or anything you want to call him, hasn't taken too lightly his approaching joust with the Englishman.

Max Schmeling changed Joe's attitude on preparation for a match. To Joe Louis today, a fight is a fight, whether it's with another guy wearing six-ounce gloves or Trainer Jack Blackburn across the checker board.

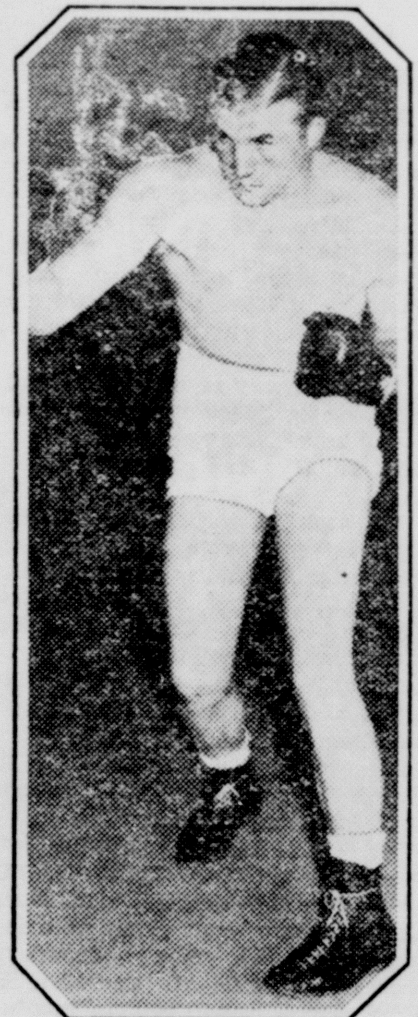

Accordingly, Joe is in good shape. His wind is good, his legs strong. Spar mates have discovered his timing is just as sharp as it ever was, and his punches just as potent. Add up all the ingredients and the sum total is trouble for Farr.

British Tommy Farr, right, hopes to lift crown from curly head of Champion Joe Louis, above, when they meet in Yankee Stadium, Aug. 26.

About the most that can be said for the challenger is that he's young—the same age as Joe—strong, and eager to make a name for himself in the squared arena. Possessing a fair-to-middling straight left and a pretty good Sunday punch in his right, the former coal miner should be a fairly formidable opponent for Louis—although the so-called experts who infest the training camps add in sotto voce: "for about three rounds."

Farr claims to have studied Louis' style of fighting and finds it "penetrable." No one disputes that. The champ can be hit,

just like anyone else. The idea is to hit him often enough and hard enough before he deposits the coup d'grace upon your own chin.

CERTAINLY not as hard a hitter as Louis, Farr will have to depend upon his boxing skill, his speed, and his ability to take it. The ruggedness he developed in the Rhondia Valley coal pits won't be much of an asset to him should Louis connect with any frequency.

Although it has been proved that Louis can be hurt with a right hand when the fighting is carried to him, Farr would be foolish to go in and slug with the titleholder.

However, he may force the fight in an attempt to beat Louis to the punch, hoping for a knockout. But if he forces the fight and fails—well, maybe Tommy would still be a hero in England, anyway.

## Canyon Teacher Appears in Latest March of Time Film

Miss Lois Goodrich, teacher in the Canyon Public Schools appears in the latest March of Time film which deals with "Youth in Camps." Miss Goodrich is director of Life's Girls' Camp at Georgetown, Conn. The film features new experiments in organization based on the idea that youngsters derive more benefit and satisfaction from learning to do things for themselves than simply living a regimented life in camp. In the Life Camp, which

is maintained by Life magazine, youngsters are assigned to various units such as covered wagon groups where they try to live the life of pioneers.

Miss Goodrich has worked in the camp during the last eight summers. For the last two years she has been director of the camp.

**Why FIRESTONE MAKES A SAFER TIRE AT A LOWER PRICE**

From the Firestone plantations in Liberia comes an ever-increasing supply of the world's finest rubber. Money saved here and in manufacturing and distribution enable Firestone to sell a safer, first-quality tire at lower prices.

IN THE Firestone Standard Tire, you get extra value in the form of extra safety. It costs more money to build a safer tire. But Firestone can build a first-quality tire made of top grade materials and sell it for less money, because Firestone controls rubber and cotton supplies at their sources, manufactures with greater efficiency and distributes at lower cost.

**YOU GET EXTRA PROTECTION AGAINST BLOWOUTS**—eight extra pounds of rubber are added to every 100 pounds of cord by the Firestone patented Gum-Dipping process.

**YOU GET EXTRA PROTECTION AGAINST PUNCTURES**—because under the tread are two extra layers of Gum-Dipped cords.

**YOU GET EXTRA PROTECTION AGAINST SKIDDING**—because the tread is scientifically designed.

**YOU GET LONGER NON-SKID MILEAGE** because of the extra tough, long-wearing tread.

Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new Firestone Standard Tires.

## Work of Texas Oil Board May Help Keep Armed World From Plunging Into War

"BLACK GOLD," roaring up from the bowels of the earth in gushing torrents, today stands revealed as a "Jekyll-Hyde" personality. Indispensable to the pursuits of peaceful industrial activity, oil is just as vitally necessary to the machinations of war.

And upon the shoulders of three Texans rests a responsibility which helps keep the latter use from coming into play.

One-fourth of the world's supply of oil comes from the 70,000 or more wells which dot the vast lone star state, and if permitted to produce as they could, these wells literally could flood the world market.

Nature has blessed Texas with an abundant supply of the precious fuel, but far-thinking minds have been quick to realize what would happen were production allowed to go on unregulated.

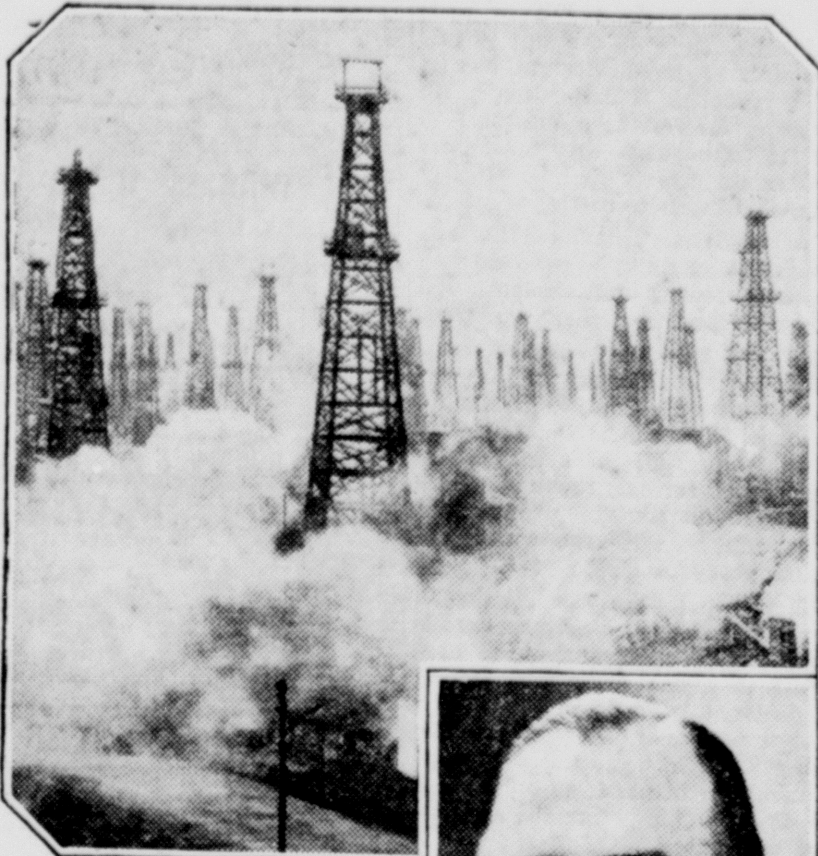

Every six years the people go to the polls and elect three men as members of the Texas oil conservation board. And at present, these three men—Chairman C. V. Terrell, Col. Ernest O. Thompson, and Lon A. Smith—are virtual czars of the oil world.

ONCE every month, after studying the market demand and the amount of oil in storage, the board issues a general order authorizing each well in the state its pro rata share of oil to be produced during the following month. The total production fluctuates around 1,300,000 barrels daily.

Proclaimed by the world petroleum congress at Paris as "the greatest program of conservation by law, never approached anywhere else in the world," the Texas oil board has effectively proved its worth.

According to Commissioner Thompson, all need for federal regulation of the oil industry has vanished, and there exists only a federal statute to prevent interstate violations of the regulations promulgated by each state.

Because of the commission's plans and edicts, Texas holds not only the balance of power for oil in the United States, but controls the situation throughout the world.

Activity in the rich Texas oil fields, such as shown above, is conducted under the watchful eye of the Texas Oil Board, of which Col. Ernest O. Thompson, Inset, former mayor of Amarillo, is a member.

The quest—at times appearing to amount to a mad race—for oil by foreign nations has been intense.

Valuable deposits in Mexico, Rumania, South America, Russia, Iraq, Persia, and the Dutch East Indies largely supply those needs at present, but with the exception of Great Britain, no one country is in a position to control a constant, unimpeded supply.

AT this time, Rumania is the source of "war oil" supply for the world, but should war break out nations would be forced to import from elsewhere, particularly from the United States—which means Texas, above all other areas.

The highly-mechanized armies of the world need oil. Airplanes,

tanks, tractors, big guns, all depend on oil. Modern navies, developed to the last ounce of efficient mobility, are oil burners.

Nations which may be contemplating war, and others which in panic prepare for it, are busy storing up vast supplies of oil, and furiously scouting about for more markets.

And the lack of petroleum—or the failure to secure it—may be the means whereby a jittery, armed-to-the-teeth world is forced to keep its destructive elements at bay.

## "The Rest of the Record"

BY JAMES V. ALLRED  
Governor of Texas

MEXICO CITY, Aug. 14, 1937.—By the time you read this, we will be back in Texas and, notwithstanding the wonderful privilege it has been to visit Mexico, happy to be back home. We are particularly anxious to see little David, our second son, and baby Sam Houston.

It is difficult for us to realize that it is so not in Texas. Mexico City is 7500 feet high and the weather is ideal. They tell us it is this way the year round—little cooler in winter than in summer. It was a little chilly for us at first—believe it or not, we asked for a fire at lunch; now, however, we are accustomed to it and the weather is lovely. Occasionally when the mountain tops are clear of clouds, we can see two snow capped volcano peaks in the distance.

Although Ambassador Josephus Daniels is in Europe, he wired his assistants here to insist upon our staying at the American Embassy. So here we are—and we have never been privileged to stay at a lovelier place. Our own Government officials have been almost as marvelous to us as those of the Mexican government.

Last week I told you how hospitable these people had been to us in the early stages of our visit; this hospitality has increased in warmth at every stage. We have been entertained by seven governors in as many state capitols, and by officers in the President's cabinet here in Mexico. It clearly demonstrates that these people believe in the Good Neighbor policy inaugurated by President Roosevelt.

President Cardenas of Mexico is absent from the capitol. He is in the state of Yucatan, which is the most southern Mexican state, working on agrarian, or agricultural problems. He sent us a warm tele-

gram of welcome, then commissioned the Governor of this Federal District to call on us officially as his representative. Mrs. Allred is visiting the President's wife today. Everywhere these people seem to realize that they have more in common with Texas than perhaps any other state; I think if we take the same position, it can only result in more business and better relations for all of us.

It would be impossible in this short space to even refer to all the interesting places we have seen on this trip. I really believe we could spend a month right here in Mexico City and not see half of all we should see. The old churches or cathedrals, the palaces, the public buildings, the theatres, the gardens, the parks, the flowers, the schools, the public markets—the people. It is the people who most interest me. They are picturesque with their music everywhere, their arts, their dress which has changed but little for centuries, yet all this maintained alongside a twentieth century civilization of modern highways, railroads, hotels, tourist camps and conveniences of every kind. We have driven over highways as well constructed and maintained as any in Texas, yet in fields adjoining they still plow with oxen; and peons trudge alongside the road plying whips over the backs of burros loaded with wood or cargoes larger than the beasts themselves.

The history of Mexico is as interesting as that of any nation. The struggles of the people for liberty and freedom have been just as brave, if not braver, than our own. It has been such a privilege to us to journey over the very ground travelled by Cortez, the Spanish Conqueror, hundreds of years ago; to see the palaces and the churches he built. One of the most inspiring and stupendous things we have seen was driving over the mountains to Puebla, looking out upon a valley where Cortez has built a church for every day of the church year—260 of them, beautiful, massive things of stone with

shining burnished domes; one built on top of a pyramid.

I shan't tell you of the bull fight they staged for us. I am glad I saw one—in fact, I enjoyed it, but I can't say that I want to see one again. One of the nicest entertainments given us was yesterday at the Department of Communications. First, of course, a nice luncheon; then young ladies who worked in the department paraded before us dressed in the colorful native costumes of each of the 28 Mexican states. Then they entertained with music, songs and dances. It was better than a professional show since those who played the parts actually came from the states they represented.

We have met lots of people here from Texas. I hope more will be able to come in the future. We were particularly happy to find the Cowboy Band from Hardin-Simmons College at Abilene playing at

one of the local theatres. They are also going to play at a reception given for us here at the Embassy tomorrow.

We will, of course, be back in time to vote at the election Monday, August 23rd. Six constitutional amendments are to be voted on. All of them are important, and I hope my friends will vote for them. I am particularly interested in seeing the one adopted which will authorize the legislature to provide for payment of county officers by either salaries or fees. The present salary system hasn't worked as satisfactorily as the old fee system. It costs the taxpayers of the state as a whole 70% more—and I'm interested in trying to save that money.

There's only one thing lacking for the soap-box orator who fires the shot "heard around the world." And that's a short-wave broadcasting station.

## Jowell Items

Mr. and Mrs. Earl J. Davis and family were guests in the home of Mrs. Mary Burtz of Canyon Sunday.

Mr. and Mrs. Thriadgill, who have

been visiting in the John Steen home the past week, returned to their home in Fort Worth Friday.

Miss Zoe Cole of Canyon has been visiting in the home of Mr. and Mrs. C. P. Robertson this week.

Miss Laverne Hinders was honored with a party at her home

Wednesday. Games were played. Then refreshments of ice cream and cake were served to the little guests. They were Janie and June Jennings, Clifford and Ronald Gene Burtz, Louis, Ann, Alfred Dee Dietz, Earlene and Ervin Davis, and J. D. Hollabaugh, Jr.

Quite a number from the Jowell community attended the celebration in Happy Thursday.

Mr. and Mrs. O. M. Scott and Mildred visited in the J. J. Leavitt home Sunday evening.

Mr. Burtz of North Dakota visited in the home of his niece, Mrs. Earl J. Davis, this week.

We never could understand why they called it a "swift kick" since we never heard of anyone getting a retarded one.

If we must have that next war, how about a stream-lined variety—swift, noiseless, and smokeless?

From the reception some mural artists are getting, patrons have seen the handwriting on the wall.

## ADDS CHARM TO EVERY ROOM

The charm of any room is greatly increased by finishing the woodwork with LOWE BROTHERS LINDURO ENAMEL Gloss White. Linduro provides a rich, tile-like finish that retains its beauty despite repeated cleaning. It may be tinted to any desired shade and is unsurpassed as a first quality enamel.

# I OIL-PLATE YOUR ENGINE instead of just changing your oil

OIL-PLATING is a plain extra benefit that other oils do not even claim to give you! OIL-PLATING comes only from Conoco Germ Processed oil, which absolutely PLATES itself all over the insides of your engine, and stays there. I mean Oil-Plating can't get scraped off or pushed away while you're speeding along on sizzling hot days. And it won't go up in smoke, but lasts and lasts. Neither can Oil-Plating run down off the job while the engine's stopped... No ghost of a chance for Oil-Plating to be among the missing every time you

start the car. So your Oil-Plated engine is the big exception, when engineers say that burn oiling at the start—summer, same as winter—makes more than half of all engine wear. They positively don't mean you, with your engine Oil-Plated by Conoco Germ Processed oil. The longer life of your Oil-Plated engine naturally takes a little while to prove... but right now, from the minute I put in Germ Processed, you can't mistake the coolness and quiet due to Oil-Plating, or the way your oil level stays up.

# CONOCO GERM PROCESSED OIL

from Your Mileage Merchant

## W. T. Students Will Present Play at College Tonight

Members of the 1937 Summer Senior Class of W. T. will present a three-act comedy, "The Poor Nut," tonight and tomorrow night in the air-conditioned auditorium in the Education Building at the College. The curtain rises on the first act at eight-fifteen each evening.

The play, a hilarious comedy centering about life on a college campus, is under the direction of Prof. Leon Lassers of the College department of speech. Robert Dillard, president of the class, is in charge of the production, and Joe Stribling is stage manager.

Featuring a cast of nearly fifty players, "The Poor Nut" presents several stupendous scenes, including a formal dance and the grandstand of a college track meet.

A. W. Coltharp, Jr., is starred in the title role, with Isla Mae Donald and Wilma Jarrell as rival co-eds taking leading parts.

Admission will be twenty-five cents. Tickets are on sale by members of the class, and may be secured in the lower hall of the administration building until curtain time tonight.

## RAIN FALLS HERE EARLY WEDNESDAY MORNING

Rain amounting to 41 of an inch fell in Canyon and vicinity early Wednesday morning. Showers were reported over the county.

This brings the total for the month of August to 61 inches as .05 fell on Aug. 3 and 15 on Aug. 10. Total for the year is now 12.20 inches.

## VISITS HERE

Mr. and Mrs. Ira Clark were Canyon visitors Wednesday. Clark was a member of the college class of 1931. He has recently received his Masters Degree from the University of Oklahoma, and will teach in the municipal junior college at Muskogee during the coming year.

## Parks Board

(Continued from first page)

park over the week-end. "The group, under the chairmanship of Wendell Mayes of Brownwood, visited in Lubbock and decided to go to Carlsbad Caverns, thus completely snubbing Palo Duro park where two National Park Service officials were waiting," said Mr. Warwick.

## Prediction Cited

"Two years ago, Charley Burrow of Canyon, T. E. Johnson of Amarillo and I tried to tell Governor James V. Allred that because of our geographical and political location the Palo Duro Park would be forgotten by the State Park Board and every day since that time has seen that prediction come true," said Warwick. "The State Park Board does not care a hill of beans about Palo Duro Park although it is highly regarded by the National Park Service."

He declared that Governor Allred had promised to give this region an appointment on the park board but had not come anywhere nearer than Lubbock with his appointments. He said the Lubbock man was naturally little interested in Palo Duro Park.

## Claims Area Ignored

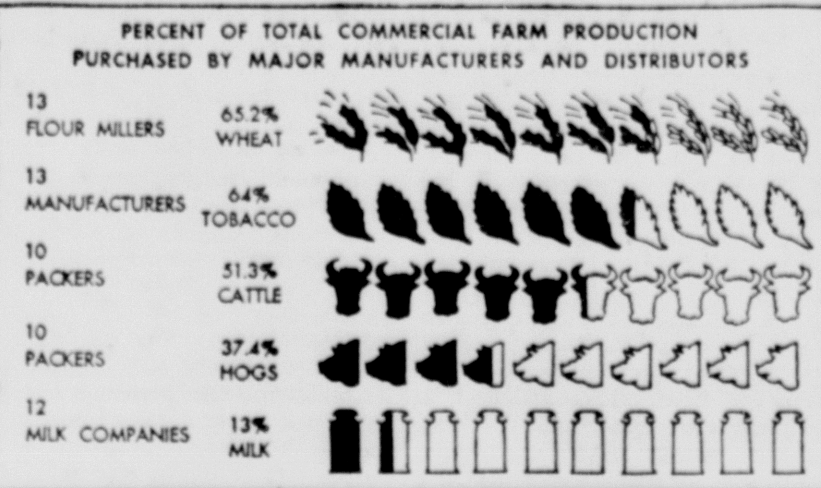

"Governor Allred has consistently ignored the Panhandle of Texas which gave him the majority necessary for his first election," said Warwick. "All of his appointments have been made as far down state in the dense population area as possible and the action of the State Park Board this week-end shows the results of such appointments."

The sentiments voiced by Mr. Warwick have been shared by a large number of substantial citizens of Canyon, Amarillo and other Panhandle points, say observers who have watched the Palo Duro Park problem for years.

## NEW CAR SALES

E. W. Schaeffer, Ford sedan. Farmer's National Grain Corp., Chevrolet coach. O. V. Mayben, Plymouth sedan. O. A. May, Oldsmobile sedan. Carl Wesley, Plymouth coach.

## WHO BUYS FARM PRODUCTS?

Milk Industry Foundation Chart

A recent study of agricultural income by the Federal Trade Commission revealed many interesting facts relating to the handling of many leading farm products.

While figures for big income-producing farm products indicate that large marketing concerns buy more than 50 per cent of the U. S. production, total milk purchased by a dozen large dairy firms is only about 10 per cent of the country's annual 47 billion quart "crop." Contrary to the usual impression, purchases of farm products are probably less concentrated than the average person would expect.

Ten leading meat packing companies sold only the equivalent of 70.3 per cent of the beef, 35.1 per cent of the fresh pork and 54 per cent of the cured and processed pork products. In the case of veal, however, purchases of these concerns totaled 98.5 per cent, the federal figures showed. Two of the largest packing companies' beef

sales were but 47 per cent of the total.

Purchases of 10 leading packers for a year equalled 51.3 per cent of the total production of cattle and calves, and 37.4 per cent of the hogs. The three largest companies purchased 40.8 per cent of the beef and 25.3 per cent of the hogs.

Thirteen millers bought only 65.2 per cent of the commercial wheat flour crop, while 13 tobacco manufacturers bought the equivalent of 64 per cent of the nation's tobacco crop, selling 97 per cent of the cigarettes and 90 per cent of the smoking tobacco.

With milk the so-called big companies are but a minor factor as 12 major concerns purchased only about 10 per cent of the total milk production in 1934 and about 13 per cent of the commercial milk. Eleven leading companies marketed 18 per cent of the fluid milk and cream sold in cities and villages and about 25 per cent of the butter

## PIONEER OF RANDALL COUNTY DIED FRIDAY

J. M. Russell, 85, died in Amarillo Friday morning. He was one of the pioneer settlers of Randall county, having filed on land in this county

in 1889. His son, Horace M. Russell, died the first of May.

The Russell family has been identified with the development of the Panhandle in a very active manner.

## Jones Assures

(Continued from first page)

Jones spoke to the House when the fight over farm legislation and cotton commodity loans appeared likely to wreck the legislative program. He made no attempt to immediately settle the dispute, but he did accomplish a major feat. He returned the Southern members to the realization that they must proceed in an orderly manner if they hope to win their battle.

As the Texan completed his address, the chamber, crowded with members, roared with applause and the crisis for the moment was past.

## For Reasonable Loans

Jones made it clear that he believes that reasonable loans should be made on this year's cotton crop. At the same time, he defended the President's refusal to make high loans without some assurance that there will be adequate control of cotton production next year.

"If you make reasonable loans in emergency, I think if proper care is used, with a proper control program, they can be safely made," he declared.

At the same time Jones told the House it would be futile to attempt to enact any of the farm bills which are now pending before the agriculture committee.

"That legislation," he declared, "if it is to be had in a sound and constructive way can not be obtained overnight. You can grow a morning glory overnight, but it withers in the afternoon."

"It seems to me that in working out this long range program for agriculture we ought to work it out carefully and on a sound basis. That sounds like ABC to me."

In his opinion, to delay adjournment pending enactment of a crop production control bill would be a waste of time to many members. He declared that he and other members of the committee intend to work daily on the new bill, but even with that amount of work they do not hope to have a perfected bill ready much before Congress reconvenes.

## No Real Control

Jones was particularly emphatic in his reply to officials of the American Farm Bureau Federation for their drive to secure immediate enactment of the bill which they have submitted.

While the committee chairman conceded the bill to have many meritorious features, he insisted that it contains no real control provisions.

"It is control not so much of production as of marketing," he explained. "Each farmer is given his market allotment but is permitted to sell whatever he wants above that, but anything he sells above his marketing allotment is classed as an unfair trade practice and it is the duty of the United States attorneys to file suit to collect substantially \$40 a bale on excess cotton and approximately 50 cents a bushel on wheat and 40 cents a bushel on corn."

"I ask as a practical proposition of anyone in this group who is familiar with the situation if it would not cause a million lawsuits in the cotton South? They go into the courts. Maybe they do, maybe they can not collect them. I do not know, but I do not believe they can."

"They talk about control. That is all the control there is in this bill about which there has been so much propaganda spread over the country. I have not said anything about it up to this time because I love the cause so much that I am willing to take a clubbing over the head."

"I have told these gentlemen of the danger in throwing the Treasury under these payments with a control system that is doubtful. I have fear that if we did that and had a lot of obligations to the farmers which we could not meet, it might wreck the new program as well as the old. I would dislike to see the work that has been built up through the years lost in that way. I do not believe we ought to be stampeded into adopting a program that might imperil what we already have. We can't afford to find ourselves in the attitude of having promised the farmer a dollar and giving him 40 or 50 cents. If we promise him a dollar, I want to give him a dollar."

## Refutes With Record

Statements which have been made during recent weeks that Congress has done virtually nothing for the farmer at this session were refuted with the record by Jones.

Jones cited 15 major farm bills which have been either enacted, passed by the House, or reported by the House committee this session. They are:

1. Extension of Soil Conservation Act for four years.
2. Agricultural Marketing Act for 1937.
3. Agriculture Reserve Note Act.
4. Farm Tenant Act.
5. Interest Reduction Act.
6. Amendments to Perishable Agricultural Commodities Act.
7. New sugar bill.
8. Great Plains Drouth Relief Act.
9. Farm Credit Act of 1937.
10. Crop loans for 1937.
11. Cotton Classification Act.
12. Crop Insurance bill.
13. Farm Forestry Act.
14. Appropriation for grasshopper destruction program.
15. Extension of Federal Surplus Commodities Corporation.

"I say without fear of successful contradiction," he declared, "that the House Agriculture Committee

## CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices. All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion. Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and if essential, when and why.
